SUMMARY

Eager and motivated fresh Engineering graduate seeking a challenging and dynamic entry-level position in a company to apply my strong academic foundation, analytical skills, and passion for my job to contribute to the company's success and growth.

EDUCATION

Bachelor's Degree - Electronics and Communication/BTECH [8.72]CGPA]	2021 - 2025
Dr. M.G.R Educational and Research institute, Chennai.	
Intermediate(10+2) - MPC	[913/1000] 2019 - 2021
Sri Chaitanya College,Thirupathi	
10th - SSC	[9.7 GPA] 2018 - 2019
Christ The King High School, Tadipatri	

INTERNSHIP

- Value Added Course on IOT Applications Using RASPBERRY PI in NSIC.

ACADEMIC PROJECT

Audio Streaming via Visible Light Communication - The Developed an advanced communication system utilizing Visible Light Communication (VLC) technology to transmit audio, video, and text data streams. This project aimed to leverage the high-speed capabilities of VLC for seamless, high-bandwidth communication in environments where traditional radio frequency (RF) communication is limited or unavailable. Designed and implemented a comprehensive VLC system capable of streaming audio, video, and text data. Integrated LED demonstrated

Pharmaceutical Data logging with Scada Analytics-Designed and implemented a SCADA-based data logging system for pharmaceutical process monitoring and analytics.Focused on capturing real-time sensor data like temperature, pressure, and humidity from the production environment.Used Python and SQL to store, filter, and analyze data efficiently.Used Python and SQL to store, filter, and analyze data efficiently.Created dashboards for visualization and regulatory reporting.reated dashboards for visualization and regulatory reporting.

SKILLS

Java, Python, SQL,

LANGUAGES

Telugu(Native), English(Advanced), Tamil(Beginner).
